PROJECTS
Tools Merchant - Web Development - Web Development Dec 2021 - Jan 2022 toolsmerchant.in is a business website in which many companies can order hardware, pipes, paints, and much more. Important Features: <ul style="list-style-type: none">This website will not show the price for the products, as different companies may require different quantities in different amounts.Each and every product has a negotiating form in which the user can ask the owner about the products and also about the price of that.It has WhatsApp integrated into it so that the user can contact the owner in WhatsApp too.
vkgarmets.online - Web Development Nov 2021 - Dec 2021 I have done an eCommerce website for a shop which supplies its products all over India. The Features are: <ul style="list-style-type: none">Whatsapp Notification : once a product is placed the notification will be sent to the customer in Whatsapp. And also the vendor will get the informations of the customer for future purposes.Product Management : If a product gets sold in offline, the number of available products in online automatically gets reduced.Coupon wheel which will ask for customer email for advertising purposes in future
cartadder.online - Web Development Oct 2021 - Nov 2021 cartadder.online this is a food ordering website which is similar to zomato and swiggy. This system has all the provisions similar to zomato and swiggy. The new feature is that we can book the food delivery before 1 day.
webvault.store - Web Development Sep 2021 - Present This is my personal portfolio. Where I have added all my other works like other business websites which was done for small scale companies. This is the place where you can find all my works
favshopy.online - Web Development Sep 2021 - Sep 2021 This is an ecommerce website. Which is integrated to PayU Money. This also has whatsapp integration.
